

NOTICE – UNDER CONSTRUCTION

Monterey County Superior Court is currently implementing a new case processing system. As we are getting accustomed to this new technology, it may cause some unintended delays at the window or in court and unavailability of some on-line services. The Court apologizes in advance for any inconvenience this may cause.

Thank you for your support and consideration.

To learn more about the new case processing system, see the information provided below in “Monterey County Superior Court Launches a New Modern Case Management System.”
